**(CONVENIENCE TRANSLATION OF  
INDEPENDENT AUDITOR'S REPORT ON THE MANAGEMENT'S ANNUAL REPORT  
ORIGINALLY ISSUED IN TURKISH)**

**INDEPENDENT AUDITOR'S REPORT ON THE MANAGEMENT'S ANNUAL REPORT**

To the General Assembly of Fiba Faktoring A.Ş.

**1) Opinion**

We have audited the annual report of Fiba Faktoring A.Ş. ("the Company") for the period between 1 January- 31 December 2017.

In our opinion, the financial information provided in the Management's annual report and the Management's discussions on the Company's financial performance based on the information provided in the audited financial statements, are fairly presented in all material respects, and are consistent with the full set audited financial statements and the information obtained from our audit.

**2) Basis for Opinion**

We conducted our audit in accordance with the Standards on Independent Auditing ("SIA") which is a part of Turkish Auditing Standards published by the Public Oversight Accounting and Auditing Standards Authority ("POA"). Our responsibility is disclosed under *Responsibilities of the Independent Auditor on the Independent Audit of the Annual Report* in detail. We declare that we are independent from the Company in accordance with the *Code of Ethics for Independent Auditors* ("Code of Ethics") issued by Public Oversight Accounting and Auditing Standards Authority ("POA") and ethical provisions stated in the regulation of audit. We have fulfilled other responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**3) Auditor's Opinion for the Full Set Financial Statements**

We have presented unqualified opinion for the Company's full set financial statements for the period between 1 January- 31 December 2017 in our Auditor's Report dated 19 February 2018.

## V. FINANCIAL STATUS

### *Assessments of the Board of Directors on the Financial Year and Their Future Expectations*

The global economy outperformed than the expectations in 2017. The growth rates of the most of both the developed and developing countries have been observed to increase. While the optimism for the global growth rate in 2018 continues; such matters as the monetary policies of the US Federal Reserve (FED) and the European Central Bank (ECB), the impacts of such policies on international capital flows, the management of indebtedness in the emerging markets and production efficiency appear to be hot topics of the agenda throughout the year.

In line with the positive developments in the global markets, Turkish economy has grown by 7.4% on year-over-year basis as at the end of the third quarter of 2017 (GDP chain-linked volume index). The top contributors of the growth have been the consumption expenditures and the investment items. The Credit Guarantee Fund (KGF) loans, which have been extended predominantly to SMEs, have been a fairly effective growth driver.

A review of the figures about the factoring industry in 2017 indicates that the size of receivables attained TL 41.6 billion while the total equity attained TL 5.8 billion. The industry, total transaction volume of which has amounted to TL 144.7 billion, has generated TL 929 million net profit.

We, as Fiba Faktoring, have utilized TL 3.6 billion transaction volume with 1,400 active customers throughout 2017. While 95% of our total volume has derived from domestic factoring, 5% has derived from international factoring transactions. Our factoring receivables have grown to TL 1.3 billion and our net profit has attained TL 22.1 million. SME segment has accounted for nearly 30% of the year-end factoring receivables, and for 80% of the active customers.

In line with our widespread credit policy, we aim to continue growing with a healthy structure in 2018. Keeping close track with the digitalization process that has been prevailing both the real sector and the finance sector, we focus our attention on the development and marketing of innovative products. We continue generating effective solutions that fully address and meet the needs of our customers within the framework of our total quality concept.

We are confident that, in 2018, we will once again manage to accomplish our goals thanks to our highly efficient, well-experienced and devoted staff, our shareholders who grace us with their confidence and support, and our much valued customers.

## **VI. FINANCIAL RISK MANAGEMENT**

The Company has exposure to the following risks during the course of its operations, credit risk, liquidity risk and market risk. The Board of Directors of the Company has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

### *Credit Risk*

The Company is subject to credit risk through its factoring operations. Risk Management and Analysis Department is responsible to manage the credit risk. The Company requires a certain amount of collateral in respect of its financial assets. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit.

At reporting date, there were no significant concentrations of credit risk on customer basis. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

### *Liquidity risk*

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations from its financial liabilities. Typically, the Company ensures that it has sufficient liquid assets to meet expected operational expenses including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted. To manage liquidity risk arising from financial liabilities, the Company holds liquid assets mainly comprising cash and cash equivalents and investments in debt securities for which there is an active market.

### *Market risk*

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

#### *(i) Foreign currency risk*

The Company is exposed to currency risk through transactions (such as factoring operations and borrowings) in foreign currencies. As the currency in which the Company presents its financial statements is TL, the financial statements are affected by movements in the exchange rates against TL.

*(ii) Interest rate risk*

The Company's operations are subject to the risk of interest rate fluctuations to the extent that interest-earning assets and interest-bearing liabilities mature or reprice at different times or in differing amounts. In the case of floating rate assets and liabilities, the Company is also exposed to basis risk which is the difference in repricing characteristics of the various floating rate indices, such as year-end libor and different types of interest. Risk management activities are aimed at optimizing net interest income, given market interest rate levels consistent with the Company's business strategies.
